VOLUME CVIII.--NO. 109. ALEXANDRIA, VA., TUESDAY EVENING, MAY 7, 1907. PRICE 2 CENTS.

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to *insist* upon such knowledge. So he publishes, broadcast and on each bottle-wrapper, what his medicines are made of and verifies it under oath. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nervine and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say *for yourself* by sending a postal card request for a *free* booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man who [illegible] not need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
Two sizes—50 cents and $1.00.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.
If it's painful periods with women, same cause.
If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

Will Not be Married in Cathedral.

Friends of William Ellis Corey and Mabelle Gilman, who have been circulating a report that the wedding would take place at Garden City, Long Island, will probably be disappointed, judging by a statement issued yesterday by the secretary of Bishop Burgess, of the Long Island Diocese. This statement says:

"The wedding of such a couple could never occur in the Cathedral at Garden City, and no Episcopal clergyman in the diocese would perform such a ceremony where either of the parties had been divorced. I doubt very much whether any self respecting minister could be found on Long Island to marry such a couple"

Gossip is now rife as to the amount of money Mr. Corey has spent on Miss Gilman.

Those who have seen the gowns included in Miss Gilman's elaborate trousseau have been dazzled by their beauty and extravagance. Among her gowns is one of the most fetching creations that Paris modistes ever made for an American woman. It is an interchangeable blue and green silk mulle of the palest tints. The skirt is exquisitely embroidered in blue silk flowers woven together with silver threads. The hat worn by Miss Gilman with this costume sets well back from the forehead. It is white straw and lace, with silver embroidered ornaments and a great, sweeping white feather. Another of her handsome gowns is a pale pink chiffon silk trimmed with rich Venetian lace and gold rosebuds. Included in her trousseau are a number of handsomely embroidered linen and muslin costumes, and pretty afternoon and street gowns of silk and lace.

For stomach troubles, biliousness and constipation try Chamberlain's Stomach and Liver Tablets. Many remarkable cures have been effected by them. Price, 25 cents. Samples free. For sale by W. F. Creighton and Gibson & Timberman.

France and Japan.

Official confirmation has been obtained in Paris of the report that negotiations are in progress between France and Japan looking to an understanding mutually guaranteeing the political and commercial interests of the two powers in the far East. The conferences on the subject have been going on at Tokio and are proceeding harmoniously, but sometime, probably, will elapse before they are concluded.

Erance has recognized that her possessions in Indo-China and Siam, as well as her commercial interests in the far East, would be extremely vulnerable in the event of war, and deemed it wise to conclude an arrangement with Japan, which is willing to guarantee French interests in return for the recognition of the Japanese claims in Korea and Formosa.

At the same time, it is explained, the entente will be strictly limited to the maintenance of the status quo. It does not touch China, and has not anything resembling an offensive or defensive feature. Nevertheless, taken in connection with the Russo-Japanese understanding, which shortly will be concluded, and the Anglo-Russian agreement, both of which are supplementary to Anglo-Japanese and Franco Russian alliances and the Anglo-French the entente creates a combination in the far East and a new grouping of the powers of Europe of extreme significance. It constitutes, in effect, another signal evidence of the success of Great Britain's diplomatic maneuvering for the isolation of Germany.

He Fought at Gettesburg.

Davis Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take $500 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alterative and body builder; sure cure for lame back and weak kidneys. Guaranteed by E. S. Leadbeater & Sons, druggists, 50c.

Hanged Man is Alive!

Reports received from Fort Worth, Texas, from trainmen and negro passengers on the Southern Pacific say that John Armstrong, the negro hanged at Columbus, Tex., Friday, April 19, for wife murder, revived after being placed in the coffin, and when delivered to his brother at Sealy for burial was given medical attention. It is declared that Armstrong is now living, and that friends and relatives are keeping the fact quiet, fearing the State again may step in. The fact that the negro's feet touched the ground when he was hanged lends credence to the report. If Armstrong is living, he will be the only living man who has paid the death penalty. The fact that he was pronounced dead at the hanging renders the State powerless to enforce the death penalty, it is said.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. THE FAMOUS "OLD BLEACH" TOWELS.

Four reasons why "Old Bleach" are so much superior to any other linens:
1st. They are made of pure flax only.
2d. Elaborate precautions are taken to insure perfect weaving.
3d. They undergo the troublesome and tedious process of grass bleaching practiced by our forefathers, who relied not on ingenious and weakening chemicals, but on the generous rays of the sun to whiten their flaxen tressures.
4th. They are finished without a grain of starch, by the special "Old Bleach" process, the only one which can produce the everlasting silky luster and delightful soft feel characteristic of "Old Bleach."
Old prices prevail while this lot lasts.
$3.50, $4, $6, $7 to $24 a Dozen.

TUESDAY EVENING, MAY 7, 1907.

"If rules made in our laboratories could be applied to consumptives the plague would disappear in a generation. That they are not applied is one reason why physicians should be compelled to notify health departments of every case of tuberculosis." This is the statement which Dr. Herman M. Biggs, representing the municipal administration of New York city; Dr. Alexander C. Abbott, chief of the Philadelphia Bureau of Health, and physicians representing Boston, Baltimore, Albany, Indianapolis, Denver and St. Louis discussed last night in all its relations to the community. The discussion was made at the third annual congress of the National Association for the Prevention of Tuberculosis, now in session in Washington. "If a consumptive in a tenement," declared Dr. Biggs, "refused to take the sanitary precautions prescribed after his case had been registered, he should be removed to a hospital—forcibly, if necessary—and there compelled to abide by its rules. In cases such as these, it is the patient that is inhuman in cruelty, not the regulations. Of eighty-six American cities, having more than 80,000 population, he said, "fifty-three have adopted ordinances providing for the compulsory notification and registration of all consumptive cases." Dr. Biggs declared that American municipalities can advance, immediately and greatly, solution of the tuberculosis problem by a general policy of compulsory notification and by its enforcement.

A dispatch from London says Germany's flat refusal to discuss any proposal for the limitation of armaments has deprived The Hague conference of its chief importance. It will now, of course, be impossible to accomplish any practical use in this direction, and it is doubtful in diplomatic circles if the subject will even be raised for academic discussion. But few people have any faith in "peace conferences" for nearly every nation on the face of the earth is at this time engaged in increasing its army and navy. This country, notwithstanding the peaceful protests, is building more war ships and President Roosevelt only last week, ridiculed Mr. Carnegie and others who talked peace. There is no wonder then that Germany will refuse to discuss at the coming Hague conference any proposal for the limitation of armament.

At St. Paul last week, in the Circuit Court of Appeals, Judge Sanborn filed the opinion affirming the judgments against the packers for accepting concessions of 12 cents a hundred less than the established rates from Kansas City, Mo., to points in foreign countries. This upholds the fines imposed by the Western Missouri District Court; namely, $15,000 each on the indicted firms, which are the Armour, Swift, Morris and Cudahy concerns. Judges Hook and Adams concur. The decision will form the basis of future action until it is reviewed by the Supreme Court.

Treasury statistics show that the per capita circulation of money in the country is $34.16. People down this way will be satisfied with the thirty-four dollars.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, May 7.

The intimation comes from a high source that Attorney General Bonaparte is contemplating retirement from the Cabinet. It is said that he is in bad health and there is fear that he is on the verge of a nervous breakdown. Mr. Bonaparte told the President a week ago that he was not well, but expressed the hope that he would soon be "out of the woods." The attorney general has been greatly pleased with his new post. It has enabled him to devote more time to private and political demands in Baltimore, his home, than when he was secretary of the navy. He is also a warm admirer of the President and enjoys sitting about the council table with his official advisers. But it is known that he has felt for several months the effect of the strain under which he has been working since he entered the Cabinet. For some time the attorney general has found it impossible to be at the department of justice much oftener than twice a week. The attorney general treats jocularly any suggestions that he is overworking himself, but it is known that he has felt almost the same embarrassment as the assistant attorneys general, over his inability to discuss personally with them important business before the department. A half dozen trust investigations are demanding attention. The attorney general has given the recommendations such partial consideration as he has been able to, but it is understood that he has not yet felt strong enough to undertake the supreme test of a final decision. This may be done shortly, however. Mr. Bonaparte came over from Baltimore today to attend the Cabinet meeting. As he entered the White House, he stated that he had not yet been able to go over the papers in the case of William January, the Jean Valjean who is seeking release from the Fort Leavenworth prison. The papers were completed some days ago by one of the attorney general's assistants.

With a view of reducing the opportunities for ante-election frauds, the President has decided upon the establishment of naturalization bureau ins a number of the leading cities. The present purpose is to have each bureau force consist of a chief who must be a lawyer of some standing, and several inspectors. All petitions for naturalization will have to be submitted to the bureau for action.

Wm. O. Rice, of 131 Heckman street southeast, shot and killed his wife, then wounded his baby and completed the job by turning the pistol on himself and committing suicide this morning. The tragedy occurred while the litile family were at breakfast, shortly after Rice had returned from a night's work. According to statements by the young wife's mother and father who shared the house, the couple had quarreled about Mrs. Rice's wedding ring. Rice, who had become worked up into a fury of passion, suddenly rushed to the kitchen and returned with a revolver. Without warning, he shot Mrs. Rice in the breast, killing her instantly. A second shot struck the child in the leg. Rice then fired a third bullet into his own brain. The child was taken to a hospital, where it is said that it will probably recover.

The Chamber of Commerce, brought about through the amalgamation of the Business Men's Association and the Jobbers and Shippers' Association, elected the following officers last night: Robert M. Harper, president; James F. Oyster, first vice-president, and Charles J. Bell, second vice-president. There was some talk of the erection of a building for the new commercial body.

Complaint has been received in Washington from Manila about the lack of transportation facilities for persons desiring to return from the islands to the home land. The outpouring of troops from the island is largely responsible for the congestion.

The Guatemalan government, through Minister Toledo Herrarat, here, today assured the State Department of its willingness to do anything it can, in honor, to prevent an outbreak with Mexico and to bring about a satisfactory settlement of the existing difficulties. The State Department is convinced that there will be no war growing out of the difficulties between Mexico and Guatemala, and that they will be settled peacefully. In this view the Mexican ambassador concurs.

Gen. George M. Sternberg informed the President today that he would accept the appointment to the commission to report on housing conditions in the District of Columbia. Gen. Sternberg will be made chairman of the commission.

Secretary Taft has requested the Navy Department to retain in Cuba all of the marines that are now stationed there. The reason for the request is that there has been difficulty experienced in recruiting the military regiments now in duty in the island.

Secretary of War Taft returned today from his visit to the Jamestown Exposition. He found things there in a state of unpreparedness, but believes that eventually there will be a fine show there with attractive surroundings. There were no exposition officials to meet him, and he was therefore able to make his own estimate of the situation.

Sang For the President.

The Wiener Maennergesang Verein, which came from Vienna especially to sing at the White House before President Roosevelt, arrived in Washington yesterday, and the members were royally entertained by the German singing societies of that city.

President Roosevelt was so impressed with one particular number that he requested its repetition. This was Heuberger's "Die Tiroler Nachtwacht" (The Tyrolese Nightwatch), and the composer of the song himself, in response to the President's desire, at once lifted his "stab" and the Viennese again sang the song, of which patriotism and liberty are the keynotes.

The President heartily applauded every number and as the visitors filed by to shake hands with him the President congratulated Franz Schneiderhan, the president of the Vienna society. Last night amid the strains from the Marine Band the singers left the city.

The Rising Sun Tavern.

A decree was entered by Judge John T. Goolrick Monday confirming the sale of the old Rising Sun Tavern to the Society for the Preservation of Virginia Antiquities. Our whole city is to be congratulated that this historic landmark is to be preserved, and that where Washington, Lafayette, John Paul Jones and General Mercer often gathered around the old open fireplace is to be kept intact. Judge Goolrick in his life of General Mercer gives a very interesting history of the gathering of these great men in that old tavern, and he has also a good picture of it in that book. Gen. George Weedon was mine host of this tavern and was also the postmaster. In Colonial and Revolutionary days the postoffice was kept there. We think we are very much indebted to Judge Goolrick for having called attention of the lovers of old Virginia in his book to this old tavern.—[Fredericksburg Star.

Bit Off His Tongue.

Bion J. Arnold, Chicago's traction expert and prominent electrical engineer, is the victim of a most peculiar and painfull automobile accident. His tongue is bitten in two, and he will be unable to talk for sometime. Mr. Arnold was jerked by a sudden movement of the engine when he was trying to "crank" it against the auto frame, bringing his chin down on the radiator with such force that he bit off the end of his tongue. Frantic with pain, with the blood streaming from his mouth Mr. Arnold jumped into the automobile and made a wild run from the entrance of Washington Park, where the accident occured, to Mercy Hospital. Dr. Thomas Lily sewed the severed piece of his tongue on again. Mr. Arnold is forced to write, instead of talkiug, and carries a pad and pencil constantly with him.

Dr. Marvin to Leave Delaware.

A dispatch from Dover, Del., says the coroner's jury in the Horace Marvin case is still talking foul play, but the probability of there ever being another arrest or disclousure faded into oblivion last night when Attorney General Robt. Richards left Dover, withdrawing his detectives. This is taken to indicate that unless some new evidence is discovered and produced there will be a verdict of death from exposure and exhaustion.

Dr. Marvin will return to his former home in Iowa. His life, he says, has been blighted since his first day at Bay Meadows, and his terrible experiences haunt him day and night. He will take the remains of his little boy with him.

After the child was dead the man cut his throat several times but did not succeed in killing himself. Long and ardently Vaughan had wooed the little child, despite the watchfulness of the father. Mature beyond her years, the little girl is said to have declared that she could not marry him because of the difference in their religious belief.

Death and Damage by Cyclones.

A cyclone practically destroyed the towns of Ridgway and Birthright, forty miles west of Mt. Pleasant, Texas, yesterday afternoon about 2 o'clock. All telephone and telegraph connections with these places is cut off and details are lacking, although nine persons are known to have been killed, and a number injured.

Birthright, a town of 500, was completely wiped off the map. Great damage is reported at Caney, a negro settlement, and it is believed many more were killed there.

The storm rose in the southwest and traveled northwest at a terrific rate of speed, demolishing everything in its path. The people in the path of the storm were taken completely unaware and many were injured before they could take refuge in storm cellars. Houses were demolished for several hundred yards along the track.

The cook, whose name is not known to the captain, is nineteen years old, and was shipped from Newport News. The man he killed was thirty-five. The murder took place in the forecastle. The cook shot his antagonist with a pistol, while the seaman, Capt. Todd says, was about to attack him with a mast scraper.

Strike of Longshoremen.

The strike of the longshoremen, which has been in progress for more than a week in New York, affecting not only the coastwise steamers, but several trans-Atlantic lines, took a serious turn yesterday when the men employed by five more large transatlantic lines joined the movement. The men who joined the ranks of the strikers yesterday number batween four and five thousand, and their action may result in serious delay in the movement of some of the biggest transatlantic passenger and mail steamships. The men who joined the movement yesterday were those of the North German Lloyd line, the Scandinavian-American, the Hamburg-American, the Holland-American and the Phoenix lines. Some of the Hamburg-American men consented to resume their tasks temporarily, but with the understanding that unless their demands were granted before today they will at that time join the strike movement in a body.

Up to this latest development more than 3,000 men were on strike from the American and Red Star lines and from the various docks in Brooklyn. Tramp steamships from various ports of the world are chiefly affected in Brooklyn. There has been no serious disorder.

The movement is uniformly in support of a demand for an increase in wages to 40 cents an hour regularly, 60 cents for overtime and 80 cents for holiday work. This is practically an advance of 33 1-3 per cent. over the wages now paid by the steamship companies.

Innocent, says Dickson.

Letters have been received in Fredericksburg yesterday by employes of Robert S. Dickson, who is accused of abducting Madeline Dempsey, in which he states that he left Fredericksburg on account of the notoriety forced upon him by the kidnapping. He gives instructions as to the conduct of the business there, asserts his innocence, and charges that the whole matter is triumped up with the object of Dempsey getting money out of him. He says as soon as he is exonerated by the court, which he expects will be soon, he will return to his family.

These letters have been turned over to Dickson's attorneys. As the matter now stands, the only case against Dickson here is the civil suit for $5,000 damages brought by W. L. Dempsey in the Corporation Court.

The letters do not state where Dickson has located.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The Haywood Trial.

Boise, Idaho, May 7.—Realizing that its strongest witness is an acknowledged self-confessed perjurer and murderer, and that it will be a difficult task to convince the jury his evidence is worthy of credence, attorneys for the state in the Haywood trial will establish a new precedent in a major criminal action, by calling him as one of its first witnesses. Ordinarily a witness of this magnitude would be reserved for the last hours, but Messrs. Hawley and Borah, for the prosecution, have decided it will be necessary to much corroborative evidence to have Harry Orchard's story carry weight, so he will early repeat his confession. Then other witnesses following are expected to show what he swears to is so.

The defense will have many witnesses, including a boy and early-manhood friends of Orchard on hand to impeach his credibility as a competent witness. They, it is averred, will swear that from boyhood Orchard always was a monumental liar. As Orchard says he planted the bomb which killed Stuenenberg and alleges he was paid to do it by Moyer, Haywood and Pettibone, it will be seen readily that the acceptance or rejection of his story will be the chief factor in the present trial.

A 10 a. m. Wednesday Judge Wood is expected to hand down his decision denying the application for a bill of particulars in the case of Haywood, and the famous trial then will proceed the next morning. Much trouble, it is thought, will be encountered in selecting a jury.

Labor Injunctions.

Boston, May 7.—Something new in labor injunctions was issued by Judge Loring of the Supreme Court today when he restrained Teamsters' union No. 25 from paying the car fare out of the city of non-union men brought here to break the teamsters strike. The injunction, a temporary one, was granted on the petition of the master teamsters. Generally it restrains the strikers from interfering with those who take their places. It restrains all the officers and members of the union from inciting to assault, cutting harnesses or robes on the wagons of the plaintiffs, and from taunting persons on the street. In his decision Judge Loring said: "Every man has the right to work and those who are out on strike are usually entitled to the protection of the law. Strikers who regard the law can not help recognizing the protection to which both sides are entitled."

Passenger Train Wrecked.

Wheeling, W. Va., May 7.—Four were killed and eight persons injured in the wreck of the New York and Chicago express on the Baltimore and Ohio railroad which collided with a freight at Roseby's Rock, 20 miles east of here, early today. The wreck was caused by a heavy fog, the engineer of the passenger train being unable to see the flag. All the injured are expected to recover. Practically every passenger on the passenger train was slightly hurt. The freight crew received orders at Ro[illegible] Rock to take the siding to allow t[illegible] passenger to pass. The freight was pulling into the switch and had a flagman out when the passenger train came thundering along. Because of the fog the engineer of the passenger was unable to see the flagman and he crashed into the freight. Both engines were smashed to pieces and all of the passenger cars were overturned.

Father and Son Wed Mother and Daughter.

Snoma, S. D., May 7.—A double wedding, at which a man aged 60 married a girl aged 20, and his son, aged 38, married her mother, aged 44, was celebrated at the Barrett ranch, north of Snoma, according to advices just received here. Richard Ellsworth, a widower, and his son, Keene Ellsworth, lived on a ranch adjoining that on which Mrs. Emma E. Barrett, a widow, and her daughter, Jennie Barrett, made their home. Richard Ellsworth courted the daughter and Keene Ellsworth the mother. Father and son and mother and daughter started south immediately after the wedding and will spend a month. Young Ellsworth will take charge of the Barrett ranch, while his father will live with his young bride on the Ellsworth ranch.

The Marvin Case.

Dover, Del., May 7.—Coroner Callaway's jury may be called together on Thursday morning for the inquest proper on the Marvin case. Should Dr. Albert Robin be unable to finish his bacteriological test of the child's stomach in four days, as he now expects, then the inquest will not begin until Monday, as the jury admit that it will take two days and a part of a third for all the evidence they have already planned to hear.

Members of Dr. Marvin's family, including Mr. and Mrs. Standish, will have to testify and answer questions about a certain amount of money which his mother left Horace.

Killed Six Persons.

San Francisco, May 7.—A man ran amuck in the vicinity of Pierce and Oak streets today while hundreds of people were on their way to work. The man killed six persons in his mad rush. Then he barricaded himself in a house and defied arrest for an hour, but finally was captured and subdued after being severely beaten. The maniac is said to be Walter C. Davis, a carpenter. The victims are all members of one family. The were a man and woman, three boys and a girl ranging in ages from 6 to 15 years. The victims were shot by Davis in a fit of insanity. Davis resided with his family.

A TRIED PRESCRIPTION.

A tried prescription, highly recommended by physicians for the relief of disorders of the kidneys and bladder, is compounded of ½ oz. Fluid Extract of Buchu, ½ oz. Fluid Extract of Uva Ursi, 1 oz. Amet Cordial, ½ oz. Fluid Extract of Liverwort and 15 ozs. water. A dose of a tablespoonful of this is taken three times a day, and the continued use of the medicine for one month is calculated to drive from the system all the impurities which cause the disease. While the treatment continues the patient should drink as much water as possible. The ingredients of the prescription are all obtainable at any first-class drug store.

Train Held Up and Engineer Killed.

Denver, Col., May 7.—A special from Butte, Mont., says the Northern Pacific's crack flyer, the North Coast Limited, was held up at Welch's Spur, 15 miles east of Butte, shortly before daylight, and the engineer killed. It is presumed the robbers sought the contents of the through safe carrying consignments of currency from the coast to eastern cities. The message says that the sheriff at Butte has left for the scene with a heavily armed posse, but gives no details as to whether the robbers were successful. The scene of this morning's hold-up is near that at which the famous robbery of the Burlington flyer took place two years ago. It is in the midst of a wild and rough bit of country which offers the robbers every opportunity of escape. Today's attempt makes the fourth within the last three years that has been made on the North Coast Limited. It is said that the robbers made no effort to enter the express or mail cars, or to rob the passengers, fleeing after killing Engineer Frank Claw, of Butte, when they saw their plans going amiss.

The Strike in New York.

New York, May 7.—Frequent clashes with the police, freight congested on all steamship docks and liners being held at their piers for lack of enough men to load or unload the ships, were today's developments in the strike of the longshoremen in greater New York for an increase of wages. In all ten thousand men have quit work and the ranks of the strikers are being added to hourly. Strike breakers have been engaged and already one thousand of these men are at work. A number of incipient riots marked the early hours today. Crowds gathered around the steamship docks where breakers were at work and jeered and jostled the men. The arrival of the police, however, who charged the mobs with drawn clubs, prevented any serious outbreaks.

Result of Separation Issue.

Rome, May 7.—That the quarrel between the Vatican and France over the French separation law has cost the Catholic Church dearly and caused a deficit in the last annual balance sheet of the Vatican was admitted today by Pope Pius X, in a private audience with Bishop Fox, of the Green Bay, Wis., diocese. Baltimore, May 7.—The indications are that the democrats will sweep the city in the mayoralty election. Odds as high as 5 to 1 are being offered that Mahool, the democratic candidate, will be elected.

Labor Trouble in Washington.

Nearly 300 men, employed on three buildings in Washington where non-union plumbers are working, were called from their work yesterday morning by representatives of the building trades mechanics' council, and the order that was issued early yesterday morning by the committee was to have been repeated this morning. It is thought that fifteen buildings, on which between 400 and 500 men are employed, will be affected. It is not known how long the strike will last, but the council said last night that preparations had been made, and that if it was found necessary they would be ready to keep up the strike and meet all emergencies. The council expressed a determination to settle the present trouble, even if every building in the city should be tied up indefinitely. Two hundred men are employed on the Baltimore and Ohio powerhouse, and as a result of a misunderstanding between the railroad company and the journeymen plumbers' union a committee visited this work yesterday morning, but the trouble was amicably settled and the nonunoin plumbers were withdrawn and union men substituted.

Confederate Veterans.

R. E. Lee Camp, Confederate Veterans, held a regular meeting at their hall last night, Commander W. A. Smoot, presiding. A letter from Mr. Sidney Wollberg presenting to the camp a handsomely framed picture of President Davis and his generals was received, the present accepted and the adjutant was directed to return the thanks of the camp for the same. A communication from R. D. Funkhouser, commanding Third brigade, United Confederate Veterans of Virginia, inviting this camp to unite with that brigade on June 3 at the unveiling of President Davis's monument in Richmond. Comrade Latham, on behalf of Mrs. Mary A. White, of New York, presented to the camp a framed photograph of Col. Arthur Herbert, of the Seventeenth Virginia infantry, which was received, and the thanks of the camp ordered to be sent to her. A history of the Confederate powder works, by Gen. George W. Rains, late of the Confederate army, was presented to the camp by Comrade Col. F. L. Smith. One member, George W. Grayson, of the Forty-ninth Virginia infantry, was elected. Resolutions of respect to the memory of Comrade R. A. Veitch were reported by the committee and ordered to be spread upon the minutes and a copy sent to the family of the deceased. The committees on the observance of Memorial Day all report progress. Rev. C. D. Bulla will be the orator of the day. The following was read:

Richmond, Va., April 18, 1907.

R. E. Lee Camp, No. 2, Alexandria, Va.

Comrades: In view of the fact that an unusually large number of Confederate Veterans will attend the reunion in this city May 35 to June 3 inclusive, it has been suggested that our comrades throughout the State would desire and be willing to contribute to taking care of those who are less fortunate than themselves, we therefore ask that any

Comrades G. W. Ramsay and Edgar Warfield were appointed to receive donations.

Lecture at the Seminary.

In accordance with the notice that appeared in the Gazette, Rev. James Orr, D. D., professor at the Theological College of the Free Church of Scotland, in Glasgow, delivered a Reinicker lecture on the "Virgin Birth of our Lord" yesterday evening at the Episcopal Theological Seminary, near this city. Dr. Orr's lecture was a clear and lucid statement of the historicity of St. Matthew's and St. Luke's Gospels, which contain the narratives of the Birth of Christ. He also presented in a lucid manner the weakness of the arguments maintained by the impugners of the doctrine as held consistently by the church from the beginning, and stated that the fundamental position of this article of the Creed is demonstrated by the strong opposition of those who deny its truth and validity. Dr. Orr received a warm welcome at the Seminary where his reputation and the knowledge of his writings had preceded him. Notwithstanding the heavy rain there was a good attendance at the lecture. Among those present were Revs. W. J. Morton and Edgar Carpenter, of this city, and Revs. Dr. McKim and G. Freeland, of Washington, and Rev. Dr. Packard, of Rockville, Md.

At the missionary meeting held last night at the Seminary a very interesting address was given upon work among the Jews by Mr. Philip Sidersky, superintendent of the Emmanuel Christian Mission to the Jews, Baltimore, Md. Mr. Sidersky is a converted Russian Jew, and his knowledge of the conditions and points of view of his own people have given him much success in his great mission of showing them the true spirit of Christianity and proving to them that Jesus the Lord of the Christians is also the Messiah of the Jews.

T. P. A.

A meeting of Post F, Travelers' Protective Association, of this city, was held last night in the Hotel Rammel, when final arrangements were made for the State convention of the organization which will be opened in this city Friday morning at 9:30 o'clock Mr. A. D. Brockett was appointed chairman of the reception committee and Mr. O. H. Kirk was made chairman of the entertainment committee. Another meeting of Post F will be held tomorrow night in the Chamber of Commerce.

The programme of exercises includes business sessions and social entertainments. Post F will convene at 10 o'clock Friday morning at the Opera House to receive the delegates to the convention. The proceedings will be opened by prayer offered by Rev. J. J. Gravatt, State chaplain, after which an address of welcome on behalf of the city will be delivered by Mayor Paff, and President Julian Y. Williams, of Post F, will welcome the visitors on behalf of the local members. An address in response will be delivered by State President C. E. Herbert.

The business session will adjourn about 3 o'clock when the members of the convention will visit points of interest in Alexandria. A reception and luncheon will follow. In the evening, about 7:30 o'clock, the members of the convention and Post F will go by special electric trains to Washington to attend a theatrical performance. Upon their return they will be given a reception and buffet luncheon.

The business session Saturday, when the annual election of officers will take place, will probably be concluded about noon, and at 1:30 o'clock the entire party will start by special trains on a trip to Mount Vernon and Arlington. That event will be the closing one of the convention.

Fined for Assault.

Four young men were arraigned in the Police Court this morning charged with fighting at the intersection of King and Fayette streets about 12 o'clock last night. A number of persons, men known to have been on the scene at the time, were summoned as witnesses, although but little positive evidence could be gleaned. Enough, however, was secured to show that there had been a rock battle and that several shots had been fired from a pistol. During the row one young man was roughly handled. Residents of the neighborhood testified to hearing the rocks strike houses and the discharge of the pistol. It was shown that one of the accused was guilty of assault, and he was fined $10. The others, in the absence of evidence, were dismissed. Some of the witnesses testified that such disorders were common in the vicinity on Saturday nights.

The Midgets Case.

Messrs. Brumback and Smith, counsel for George Midgets, colored, convicted of the murder of Chas. T. Smith and sentenced to be hanged on the 24th instant, have completed their bill of exceptions which is to be presented to the Court of Appeals. Among the rulings to which exceptions are made are the refusal of the court to grant a continuance of the case when it had been called in the Corporation Court; the overruling of the demurrer to the indictment; the motion for a change of venire; the admission of certain evidence; also of instructions in the interest of the Commonwealth, and the refusal of the court to grant certain instructions asked by the defense; also that the denial of a motion for a new trial and arrest of judgment—which, the defense claims, is contrary to law and evidence.

Mrs. Wiggs of the Cabbage Patch.

The final rehearsals of Mrs. Wiggs of the Cabbage Patch will be held at the Opera House tonight and tomorrow night. Every effort has been put forth to make this entertainment an artistic success and a pleasant evening can safely be promised to all who attend. That the proceeds will be divided between two cots in the children's ward of the Alexandria Hospital has already been stated. This work appeals to every citizen of the city. The play will be given at the Opera House on Thursday and Friday of this week at 8 p. m. Seats are on sale at Warfield's drug store on King street.

Missionary Meeting.

The Rev. C. R. Stetson will deliver the principal address at a service in behalf of missions to be held in St. Paul's Church tonight at 7:30. Rev. Mr. Stetson is the secretary of the eastern missionary division of the Episcopal church. The services will be short, the hymns inspiring, and a cordial welcome will be given to all who attend.

Fined Twenty Dollars.

Thomas Williams was before the Police Court this morning charged with being an accessory to the carrying off a fox terrier belonging to Mr. Wm. Rogers. It was shown that Williams was with a man who picked up the dog and boarding an electric train went to Washington. Justice Caton imposed a fine of $20 upon Williams.

Reported Drowned.

Chief Goods of the police force today received a telegram from Quartermaster Herring at Fort Washington, below this city, stating that H. A. Hansen, a Swede cook on the tug Cushing, was missing and was believed to have fallen overboard at Fort Washington. The police are requested to keep a lookout for his body.

Will Probated.

The will of the late Samuel P. Clinkscales was admitted to probate today. The deceased left his real estate to his seven children and his personal property to his three youngest daughters. His estate is valued at $1,300. Samuel and Ella Clinkscales are named as the executors, without bond.

Social Session.

The social session of Alexandria Lodge of Elks last night was a very enjoyable affair. During the regular meeting which preceded the social session three candidates were intiated. Refreshments were served during the evening.

Mr. J. W. Keith won the $5 Parker fountain pen in the guessing contest at Dieneit's pharmacy last night.

Personal.

Mr. R. Lindsey Gordon, of Louisa, candidate for Congress, was in the city this evening. He feels much encouraged over his congressional prospects.

Mr. and Mrs. H. F. McKenney left here last night on the steamer Newport News for Norfolk. They will visit the Jamestown Exposition, and later go to El Paso, Texas, where they will reside for some time.

Miss Bessie Herbert, of Baltimore, is now spending some time with her sister, Mrs. Carlyle Herbert Smith, at the residence of the latter, near this city.

Miss Georgiana Lewis, of this city is visiting friends in Baltimore.

Rev. John Chapman formerly of this city but more recently of Tokio, Japan, will deliver an address at St. Paul's Church tonight before the congregation of the three Episcopal churches of this city. Mr. Chapman is a pleasing speaker and doubtless a large congregation will greet him.

No Contract.

The building committee of members of the M. E. Church South met last night and opened the bids for the erection of the proposed Hill Memorial building. All the bids were so much over the expectations of the committee that no contract was let. The bid of Mr. J. F. Rodgers was the lowest and it is probable that he will be selected to erect the building should it be decided to proceed with the plans. It is probable, however, that the erection of the building will be deferred.

Engineers Get More Pay.

TUESDAY EVENING, MAY 7, 1907.

Young Woman Assaulted and Robbed.

Miss Mabel Ban Schasses, a handsome young woman, 23 years old, was held up yesterday in a well-lighted hallway leading to the apartment of her parents on west One Hundred and Thirty-fourth street, New York, and ordered by two shabbily dressed thugs to turn over to them all her money and jewelry or suffer a beating at their hands.

"I have money, but it belongs to the man who employs me," the young woman told the holdup men.

"No fooling, now; give us the money," the biggest of the robbers hissed in her ear.

Miss Ban Schasses hesitated for an instant, whereupon one of the highwaymen dealt the girl a blow on the head. The other robber struck her with a blackjack and when the girl fell to the floor the two kicked her in the face and head.

The pair then searched Miss Ban Schasses as she lay unconscious and took a roll of bills amounting to $325 which was tucked in an envelope in her handbag. The $325 had been given to her by her employer, L. Oppenheimer, a butcher, for deposit in the bank.

A neighbor found the thugs' victim on the floor, with blood flowing from wounds on the face. It is believed she is suffering from concussion of the brain and internal injuries.

Relief from Rheumatic Pains.

"I suffered with erhumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Palm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by W. F. Creighton and Gibson and Timberman.

Mine Explosion.

Murder and Suicide in Hospital.

Insanely angry at his dismissal from the Soldier's Home, in Washington, William Parks, forty-seven years of age, entered Ward E of the hospital about noon yesterday and attempted to shoot Sister Paula, one of the nurses. When James L. Leslie, a hospital orderly, went to her assistance, Parks fired at him, the ball entering the front right shoulder. Leslie broke away, and as he ran, Parks fired again, the ball entering the left lung. As Leslie dropped to the floor, Parks placed the weapon to his own stomach and fired, the bullet killing him almost instantly. Leslie died later in the afternoon. Parks had been employed in the hospital, but was dismissed yesterday on account of intoxication. He was intoxicated when he did the shooting. He had charged Sister Paula with reporting him for drunkenness. Parks was discharged in 1898 from Company D, Fifth Artillery, having contracted malarial fever while serving in Porto Rico. He was from Zanesville, Ohio.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off, "writes G. S. Clark, of Westfield, Iowa, "for my rescue from death by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.
